

K40 CABLE CUTTER GENERAL PURPOSE UP TO 70MM²

Features and Benefits:

- Designed to cut copper and aluminium conductors up to 70mm².
- Features parrot beak style blades that do not distort cables, ensuring clean and precise cuts.
- Durable construction with SCM440 body material and black oxide surface treatment which enhances strength, durability, and corrosion resistance.
- Comfortable grip cover made of PVC, provides a secure and fatigue-reducing grip during operation.
- Compact and lightweight design measuring 235mm in length and weighing only 0.5kg, allowing for easy handling and storage.

Application:

This Cable Cutter is suitable for a wide range of applications, including:

- Electrical installations
- Telecommunications
- Automotive wiring
- Industrial wiring

Disclaimer: This Cable Cutter is designed for general purpose cable cutting. It is the responsibility of the user to ensure the suitability of the tool for specific applications and adhere to safety guidelines and regulations

Technical Specifications:

- Body Material: SCM440
- Hardness: HRC 48-58
- Surface Treatment: Black Oxide
- Grip Cover Material: PVC
- Length: 235mm
- Weight: 0.5kg
- Conductor Range: Up to 70mm²
- Blade Style: Parrot Beak
- Maximum Opening: 12.8mm Diameter

PART NO.	DESCRIPTION
K40	Cable Cutter General Purpose Up to 70mm ²

In support of our policy of continuous product improvement we reserve the right to change materials and specifications without notice. Drawings, where used, are not to scale. All dimensions are in millimetres and sizes given are approximate. Where possible, technical MSDS data sheets are made available on the website. All products should be installed and used in accordance with manufacturer's instructions provided. Warning: products may be the subject of registered designs and patents. Refer to website for terms and conditions on warranty.
