Wiser by SE app

The Wiser Smoke Alarm - Battery combines a photoelectric smoke alarm with smart home functions. Interconnecting with existing wireless Fire Tek® smoke alarms via RF, the Wiser battery powered alarms can be used separately or as part of a Wiser Smart Home System. The Wiser by SE app provides push notification alerts if smoke is detected, and automations can also be programmed to turn lights ON or flash to help provide fast warning if smoke is detected. The dual spectrum smoke sensing technology helps to mitigate false alarms for added confidence.

Dimensions (mm)

Wiser Smoke Alarm - Battery

Identification	
Commercial Reference	CLP599WSAL
Product colour	White
Product or component type	Sensor
Power	
Operating voltage	3 V DC (Lithium Battery)
Operating current	≤ 40 mA
Battery life	10 years (non replaceable)
Characteristics	
Sensing type	Dual Spectrum Photoelectric. This alarm contains NO radioactive material
Interconnecting	RF + Zigbee, max. 40 devices in one network Wireless interconnection Compatible with the Fire Tek (R) 755LPSMA4 and 755RFB2 RF base
Operating frequency	Zigbee: 2405 - 2480 MHz RF: 433 MHz
Wireless range	Zigbee: 40 m line of sight RF: 50 m line of sight
Horn level	85 dB at 3 m
Hush mode duration	10 minutes
LED brightness levels	High / Low
Alarm memory	72 hours
Temperature for alarm	If temp > 57 °C
Environment	
Operating temperature	0 °C to 45 °C
Ambient humidity	5 % to 95 %
Installation	
Dimensions (H × W × D)	89 × 89 × 33.5 mm
Installation method	Mount on ceiling and wall only
Package content	Wiser Smoke Alarm - Battery, mounting base, 2 screws, 2 wall plugs, primary label, instruction sheet, dust cover
Certification	
Zigbee 3.0, AS 3786: 2014 + A2: 2018, RCM 	

Note:

Download the Wiser by SE app to your smartphone, and install the Wiser Hub to configure and control Wiser devices. You can use the app to pair, set up and control Wiser devices. The Wiser by SE app is available in the App stores for smartphones supporting operating systems Android™ OS (version 7 and above) or Apple® iOS (version 11 and above).
