Welcome to Clipsal Solis™

At Clipsal, we are committed to redefining modern living through innovation and design excellence.

Derived from the Latin word for “sun”, Solis is an exciting benchmark in interior design for Australian homes. Based on a vision to seamlessly blend cutting-edge technology with timeless aesthetics, creating products that not only enhance a space but also elevates lifestyle.

Experience the Essence of Innovation

Step into a world where form meets function, where every detail is meticulously crafted not only to enhance the design aesthetic within home spaces, but also to simplify the functionality for homeowners.

“What we do fundamentally has a function first, and that function is the most important thing. So the design is more about elevating that to something that is pleasing, or expressing that function in a really interesting, novel, or high quality way.”

Tim Turrini-Rochford, Schneider Electric’s VP Design Asia Pacific

The simplicity of detail offers a curated range of products that seamlessly integrate into environments, providing design solutions for modern living.

Realise a Creative Vision

With Clipsal Solis, creativity knows no bounds. Our range of intuitive products empowers you to personalise spaces in accordance with the design vision.

From customisable lighting solutions to innovative home automation systems, Clipsal Solis gives the freedom to express a creative vision like never before. Imagine the possibilities as you effortlessly create the perfect vision without compromise.

Adaptable to Different Environments

Experience the transformative nature of the Clipsal Solis Collection as it elevates room environments to new heights. Whether designing a contemporary home with contrasting materials or cutting-edge minimalistic spaces, our products are designed to seamlessly integrate into any setting.

Immerse yourself in a world of possibilities, where every option is defined by innovation and elegance.

The Promise of Quality

With the Clipsal Solis Collection, our commitment to quality is uncompromising. We pride ourselves on using only the finest materials and the latest manufacturing techniques to ensure that each product meets the highest standards of excellence.

From design concept to final production, we are dedicated to delivering uncompromising quality in every detail with an emphasis on the build quality and attention to detail, providing years of reliable performance and timeless style.

Clipsal Solis™ and Solis™ T Series

Two optimum ranges designed for high-end residential, each providing a unique touch-and-feel experience. Both with smart features for complete control and flexibility, each range offers ease of installation and reliability that you are accustomed to from Clipsal.

Clipsal Solis is monochromatic simplicity at its finest. With two smooth matte finishes, this push button and switch design sits flush in an ultra-slim cover for an elegant addition to a home.

Clipsal Solis T Series is a unique design made with authentic materials, creating the ultimate tactile experience. It is available in 4 premium finishes: Platinum Aluminium, Ebony Aluminium, Living Brass and White Ceramic.

Join the Clipsal Solis Era

Join us in embracing the next level of design innovation with the Clipsal Solis Collection. Discover how our unparalleled range of products can transform a space into a masterpiece of modern living.

Visit clipsal.com to learn more about our products and how the Clipsal Solis Collection can transform your space into a sanctuary of style and sophistication.

Let us help you unlock the full potential of your environment and experience the future of living, today.

Sockets

1010CSZ

Single Connected Switched Socket (Zigbee)

Main		
Range	Clipsal Solis	
Commercial reference	1010CSZ-ZW	1010CSZ-ZB
Product color	☐ White	☒ Black
Product type	Switched socket	
Mobile app	Wiser Home	
Outlet standard	AS/NZS 3112	

Complementary	
Rated voltage	230/240 V AC 50 Hz
Rated current	10 A
Number of outlets	1
Number of switches	1
Facia material	Plastic
Surface finish	Matt
Surface treatment	Painted
Installation orientation	Horizontal only
Control type	Push button
Protection	With shutter
Communication network type	Wireless Zigbee (2405...2480 MHz), 10 mW at < 50 m
Memory description	Backup memory - date and time for 6 h
Mounting	Flush mounted
Mounting type	Screws
Mounting centers	84 mm
Screwdriver	Philips No 2 (PH2), square drive No 1 (SQ1)
Terminals type	Screw terminals
Terminals capacity	4 × 2.5...3 × 4.0 mm ²
Dimension (H × W × D)	74 × 148 × 68.3 mm
Stripping length	16 mm
Embedded depth	64 mm
Cover thickness	4.5 mm
Cut out (L × H)	95 × 54 mm
Product certifications	RCM

Packing Units	
Unit type of package	PCE
Number of units in package	1

Dimensions (mm)

Cut-out standards for Solis and Solis T Series

Solis and Solis T Series

Note: The products using this template have an off-center cut-out design when compared to the front cover. This needs to be considered when installing the product on the left-hand vs right-hand side of the doorway or if trying to center the distance of the front cover to a reference point on the wall.

Environmental Data Program

Next-level transparency for better-informed product choices

The Environmental Data Program is a framework for how we measure, categorize, and compare the environmental attributes and footprint of our products.

Using a rigorous, fact-based methodology, the program provides environmental data from across the product lifecycle.

Five data categories across the product lifecycle

Use Better: How sustainable a product is, including environmental footprint, materials and substances, packaging, and energy efficiency.

Use Longer: How a product's life time can be effectively extended in terms of repairability and updatibility.

Use Again: How a product can be reused, from dismantling and remanufacturing to recyclability and manufacturer take back.

With this transparent, verified data, customers and partners are empowered to make conscious environmental choices and accurately evaluate and report on sustainability performance.

All our hardware offers have an associated environmental data available on se.com product pages.
