

DCC018N-XJ

18V XR INFLATOR

The DCC018 is a compact, high performance 18V inflator. A part of the XR 18V range, the DCC018 is durable, easy to use and able to tackle big tasks thanks to its high pressure output offering up to 14.7 L/min @ 2.4 BAR of free air delivery. The DCC018 Inflator can utilise 3 different power sources: it is compatible with our XR 18V battery range, it has an on-board 12V plug or can be powered by the 230V plug in adaptor (sold separately). In addition the DCC018 features a bright LED light and a fast deflation capability.

Selling Propositions

- Compact, lightweight, high-performance inflator and deflator with an LED light allows use at night or in low-light conditions
- High pressure hose quickly inflates items such as tyres (size 235/70R17) inflated in 400 seconds
- Output of 0.35l/min@6.2 bar and 0.6l/min@2 bar for quick inflation
- High pressure output with a maximum of 11 BAR, 160 PSI, ideal for to inflating tyres
- High volume hose with adapter for quick inflation and deflation of inflatables
- Multiple units of measure (BAR, kPa, PSI) for ease of use and accuracy
- Digital gauge with high pressure auto shutoff enables preset to desired PSI and pressure display for ease of use and accuracy. Automatic shutoff prevents over-inflation
- Includes on-board storage of a high pressure adapter, Presta bicycle adapter and ball needle for versatility together with a 12V adapter for power from vehicles
- 240V AC adapter available as a spare part, SKU Code N557515

Standard Equipment

- 12V adapter for power from vehicles (1)
- High pressure adapter (1)
- Presta bicycle adapter & ball needle (1)

Warranty specifications

- DEWALT 1 year European PT Guarantee

Specifications	
Tank volume	0.0 L
Voltage	12.0 V
Max. pressure	11.0 bar
Width	140.0 mm
Length	330.0 mm
Height	280.0 mm
Weight	2.3 kg
