

DCL074-XJ

18V XR Tool Connect LED Work Light

This bright LED site light has built in Tool Connect features for the ultimate customisable experience. Offering market leading brightness from a cordless lighting solution the DCL074 has 3 brightness settings up to a maximum of 5000 lumens, 360° coverage and a built-in roll cage to withstand the toughest jobsites. With the Tool Connect App users can wirelessly power on and off their DCL074 as well as customise settings such as the light intensity, alerts for low charge and set individual schedules for the day, time and intensity.
