

DCN701N-XJ

18V XR Electricians Stapler - Bare Unit

The DCN701 18V XR allows electrical contractors to secure cables on the jobsite faster and more consistently. The tool automatically adjusts depth of drive based on cable thickness and staple fits snugly without pinching. A compact size of 200mm allows the user to work between joists and a built in LED light illuminates the working area when power isn't available. Bare unit, batteries and charger sold separately.
