

## DCS312N-XJ

### 12V XR Brushless Sub Compact Reciprocating Saw - Bare unit

The 12V XR cordless reciprocating saw is compact and performance-packed. At only 1.38 kg (bare tool) and 308 mm in length and featuring an efficient brushless motor, it delivers up to 2800 SPM. This is combined with a 16 mm stroke length that offers fast and efficient cutting. The saw is equipped with an LED for visibility, a variable-speed trigger for added control, and a tool-free blade release for quick and easy blade changes. Bare unit, batteries and charger sold separately.

#### Selling Propositions

- Twist action keyless blade clamp for quick and easy blade change
- Luz LED para melhorar a visibilidade e a funcionalidade
- Intelligent variable speed trigger and lock off switch
- Brushless motor reduces tool size whilst maximising power delivery and providing extended runtime

#### Standard Equipment

#### Warranty specifications

- DEWALT 3 year European PT Guarantee (subject to registration)

| Specifications                                  |                      |
|-------------------------------------------------|----------------------|
| No Load Stroke Rate                             | 0-2800 spm           |
| Max. Cutting Capacity (Wood)                    | 90.0 mm              |
| Max. Cutting Capacity (Steel Section and Pipes) | 40.0 mm              |
| Max. Cutting Capacity [PVC]                     | 90.0 mm              |
| Weight                                          | 1.38 kg              |
| Battery Voltage                                 | 12 V                 |
| Sound Pressure                                  | 84.0 dB(A)           |
