

DCS365N-XJ

18V XR 184mm Mitre Saw - Bare Unit

The DCS365 18V XR 184mm Sliding Miter Saw features an adjustment free XPS cut line indication for better accuracy and visibility. Adjustable stainless steel miter detent plate with 11 positive stops improves productivity and ensures cutting accuracy. Compact and lightweight construction for easy transporting and storage. Bare unit, batteries and charger sold separately.

Selling Propositions

- The aluminium base construction provides stability to the saw while still retaining its portability
- Mitre and bevel angle detents for quick and easy set up of the saw
- New mitre angle adjustment system provides accurate and consistent setting of mitre angles between 0 and 48° right and 0 and 48° left
- Horizontal rails create additional capacity for larger materials
- Double insulated DEWALT 65 mm fan cooled motor with replaceable brushes for maximum power in hard wood
- The dual fence mechanism gives maximum support in large material cuts at any angle or combination of angles
- XPS Shadow line cut indicator provides fast accurate alignment of the blade while illuminating the work piece for increased productivity
