

DT6956-QZ

EXTREME 2 SDS plus 5 Piece Drilling Set

The 250mm Mitre Saw is engineered for repeatable accuracy with dual horizontal rails and a stainless steel detent plate with common angles at 0, 15, 22.5, 31.6, 35.3 and 45 degrees, the 1675 watt motor also offers a maximum cutting capacity of 305 x 77mm. Other features include XPS crosscut positioning system for the ultimate in accuracy and visibility with no calibration needed and machined side handles for increased portability on site.

Selling Propositions

- Suitable for fast drilling of plug, anchor or clearance holes in masonry, stone, concrete and brick/block work
- Optimised mounting shank provides perfect grip and optimum power transmission, with a hardened steel body for extra strength and reduced breakage
- Solid two cutter head is flanked by two individual cutting tips delivering a fast and efficient drilling speed
