

DT70762-QZ

85pc Drill Drive Set

T-STAK compatible to hold all your accessories in one place. Modular, stackable large tough case. Designed for secure storage of accessories. Clear lid for easy bit identification. Easy bit removal and replacement. Use the locking system to connect the cases together, and securely stack with small, medium, and large Toughcases. Attach to the T-STAK for a complete system solution.

Selling Propositions

- Large Tough Case
- System Set
- Connectable Case allows multiple sets to be stacked and locked together.
- TSTAK compatible to hold all your accessory sets in one place.
- Large, Medium and Small tough cases can be stacked together and locked in place.
- Extreme SDS Plus masonry drill bits are designed with a Toughcore. The tapered central core increases stability and durability, reducing breakage.
 - Adds strength and resistance when drilling deep holes with increased side loads.
 - Reduces flexing between the flute and shank, preventing bit fracturing.
- Extreme SDS Plus masonry drill bits contain a Wear Mark Indicator allowing you to make sure the holes you drill are the diameter you need. Ideal for accurate mechanical anchor installation.
- Extreme SDS Plus masonry drill bits are designed with a 2-Stage Helix which improves drilling performance. Accelerates the removal of concrete mill from the tip, reducing the working temperature and speeding up drilling.
- Masonry drill bits are typically used for drilling anchor, plastic plug, fixing and pipework clearance holes.
- Black&Gold metal drill bits are made from high speed steel for wear resistance and longer life.
- Black&Gold metal drill bits have a Toughcore. The tapered central core increases stability and durability, minimising breakage.
- Black&Gold metal drill bits are designed with a Speed Tip for a fast start, precise centering and guidance. No walking including on curved surfaces.
- Black&Gold metal drill bits have a No Spin Shank - 3 flat sides eliminates slipping in the chuck.
- Easy screwdriver bit removal and retention for user convenience.
- Screwdriver bits lock into place to prevent them falling out when not in use.
- Screwdriver bits are designed with an Optimised Tip Geometry for full fitment in the fastener and reduced cam-out.
- Full-fit head eliminates wobble and screw head rounding.

Standard Equipment

Specifications

- SDS Plus Masonry Drill Bits (5)
 - 5.5mm x 160mm (1)
 - 6mm x 160mm (1)
 - 7mm x 160mm (1)
 - 8mm x 160mm (1)
 - 10mm x 160mm (1)
- Black & Gold HSS-G Metal Drill Bits (6)
 - 2mm (1)
 - 3mm (1)
 - 4mm (1)
 - 5mm (1)
 - 6mm (1)
 - 8mm (1)
- Flatwood Drill Bits (5)
 - 18mm x 152mm (1)
 - 20mm x 152mm (1)
 - 22mm x 152mm (1)
 - 25mm x 152mm (1)
 - 32mm x 152mm (1)
- Small Bulk Storage Case (2)
- PH1 25mm (1)
- PH2 25mm (4)
- PH3 25mm (1)
- PZ1 25mm (4)
- PZ2 25mm (40)
- PZ3 25mm (4)
- T10 25mm (1)
- T15 25mm (1)
- T20 25mm (4)
- T25 25mm (2)
- T30 25mm (1)
- T40 25mm (1)
- PZ2 50mm (2)
- 8mm Nut Setter (1)
- 10mm Nut Setter (1)
- Compact Magnetic Drive Guide (1)
- Dividers (6)
