Impact Ready Bit Holder with Torsion Zone packed in a Jar

Impact Ready Bit Holder with Torsion Zone packed in a Jar

Selling Propositions

- Strong Magnetic Hold to prevent the fastener from dropping. Ideal for one-handed use
- Spring Loaded Quick-Lock for quick and easy bit change
- Optimised Torsion Zone flexes with the torque of the impact driver to absorb torque peaks and protect 25mm bits from breakage
- Longer Life on 25mm screw driving bits when used in conjunction with the torsion zone holder versus the standard holder
- Stainless Steel Sleeve for improved fastener stability and control
- Impact Ready Shank maximises resistance to wear and shock
