Dorgard SmartSound™

A smarter way to keep your
fire doors open

Dorgard SmartSound is a wireless solution for legally holding open fire doors, releasing them to close when the fire alarm sounds.

Benefits

Improved sound recognition with new SmartSound technology

Three-year battery life and three-year warranty

Carpet friendly — leaves no marks

Can be fitted to any door

No programming required, just fit and forget

Installed easily in under five minutes

For more information call our team today 01253 699500

Dorgard SmartSound™

Dorgard SmartSound keeps your fire doors open legally, and allows them to automatically close when the fire alarm sounds.

SmartSound listening technology means Dorgard SmartSound can distinguish between your fire alarm and common background noises, such as vacuum cleaners.

Dorgard SmartSound is quick and easy to install

“ SmartSound was quick to install and kept our fire doors open, even when we vacuumed the carpet right next to it. ”

James Thompson, Office Facilities Manager

“ We solved the problem of people wedging open fire doors with Dorgard SmartSound, keeping us compliant with regulations. ”

Julia Clarke, Hotel Manager
