MIZU FOAM AIR-CONDITIONER CLEANER

## About Mizu Foam

Mizu Foam is the fast, safe, and affordable way to clean your air conditioner for energy savings and healthy, fresh air.

### Rejuvenate Your AC

Keep your air conditioner coils clean and save energy and money.

Air conditioners work most efficiently when coils are clean. Build up of mould, dirt, and grime cause the system to work harder than it needs to and will shorten the life span of your A/C unit.

- Eliminate Unpleasant Odours
- Save Energy Consumption & Money
- Expand the Life of Your A/C

### Non Acidic & Environmentally Friendly

Mizu Foam has been designed especially for cleaning the coils of your A/C unit. Mizu Foam is the only non-acidic, environmentally friendly air conditioner cleaner on the Australian market!

Mizu Foam will quickly and effortlessly clean your air conditioner to extend its life and efficiency.

- Fast Acting
- Completely Safe & Nonhazardous
- Environmentally Friendly
- Kill Germs & Bacteria
- Affordable

Cleaning your air conditioner with Mizu Foam is a fast, easy and affordable way to keep your a/c clean. If you don't usually clean your a/c or you have only tried other cleaning methods then you must try Mizu Foam and experience the benefits for yourself.
