USER BENEFITS

- Optimal weight balance for easy handling
- Easy to operate front grip which provides better handling of the machine as the top of the grip is positioned closer to the shaft. Adjustable to a desired height by changing the angle and position
- Changed to 1.65mm four-leaf nylon cord type from the standard 1.65mm round type nylon cord. 30% improvement in nylon cord durability
- Lock on function
- Battery capacity warning function
- Edger function
- Telescopic shaft pipe
- Soft grip
- Shoulder belt allows light to be easily carried over the shoulder for added mobility
