

Accessories

Sub-frame assembly	
code	pack
UMSF1	1

Lock kit	
code	pack
UMLK1	1

Raised floor lid assembly		
code	description	pack
UMLD1	Plastic	1
UMLD3	Steel	1

Replacement cable flaps pack	
code	pack
UMCB1	1

*For plastic lid assembly only

MT32 components

Master distribution unit (MDU) 32Amp rating 260 x 260 x 55mm		
code	description	pack
UM6200	9 way Std	1
UM6201	9 way CE	1

Slave unit (SU) 32Amp rating 100x100x55mm		
code	description	pack
UM6100	4 way Std	1
UM6101	4 way CE	1

*Male & female adaptors 220mm tail - fits 20mm knockout		
code	description	pack
UA7234	3 pole (male) white	1
UA7244	4 pole (male) white	1
UA7134	3 pole (female) black	1
UA7144	4 pole (female) black	1

Interconnecting conduit assembly To MDU, SU, FBDU and floor boxes			
code	length	description	pack
UC3353	3m	Std	1
UC3355	5m	Std	1
UC4453	3m	CE	1
UC4455	5m	CE	1

Tap-off (Standard) to MT32 connector			
code	length	rating	pack
UN8113	3m	32Amp unfused	1
UN8115	5m	32Amp unfused	1
UN8123	3m	13Amp fused	1
UN8125	5m	13Amp fused	1

Tap-off (Clean Earth) to MT32 connector			
code	length	rating	pack
UN8213	3m	32Amp unfused	1
UN8215	5m	32Amp unfused	1
UN8223	3m	13Amp fused	1
UN8225	5m	13Amp fused	1

*For adapting additional equipment and floor boxes to modular system.

MT32 Connectors

The description 'male' (white) and 'female' (black) does not refer to the connector pins but describes and identifies the moulded connector housings. For further information please contact our Technical Team on +44 (0)1424 856688.

Case Study

700 bespoke Marshall-Tufflex's floor boxes were installed at a prestigious three-storey South London office redevelopment.

The multi-million pound Edinburgh House Project, located in Kennington's conservation area, has seen the complete refurbishment of a 1960's office block into a spacious, contemporary workspace complete with a south-facing central atrium, café, seating areas and a conference suite.

Electrical contractor Andrew Aird of Sapphire Mechanical & Electrical Services, Forest Row, said: "Our specification was for a good value product from a market-leading manufacturer. Marshall-Tufflex's products fitted the bill. In particular the floor boxes were unique as we used a grey powder coated steel option that fitted the bespoke look on this project. Installation went very smoothly."

The high quality Marshall-Tufflex floor boxes, providing power and data to desk areas, have 3mm thick standard support plates that tolerate high traffic levels, while the sub-frame does not restrict wiring space and allows for fine adjustments to be made to accommodate uneven flooring. This meant that the products could be cleverly adapted to address any challenges.

Mr Aird added: "In a couple of areas we had a challenge with minimal floor void space, but we were able to use the angled plates and shallower underfloor boxes to overcome this, which was really helpful. We would definitely use these products again."
