

M18 FOPH-RA

QUIK-LOK™ RECIPROCATOR ATTACHMENT

- Achieves precision and versatility, allowing to safely trim around obstacles, create perfect edges without debris, and effortlessly clear light brush and shrubs
- Two counter rotating blades, preventing the whirling up of objects and ensuring safe operation in confined spaces and near vehicles
- 23 cm cutting width optimises the working process, enabling efficient and precise trimming
- Specifically designed for weed removal on gravel and paved surfaces
- With a compact toe kick guard integrated, our reciprocator prioritises user protection
- A protective storage cover, providing added protection and ease of storage and transportation for the tool
- Compatible with MILWAUKEE® M18 FUEL™ outdoor power head QUIK-LOK™ attachment system
