M18 FCSDC165-552C

M18 FUEL™ 165 MM DEEP CUT CIRCULAR SAW

- The MILWAUKEE® M18 FUEL™ deep cut circular saw has been designed to deliver maximum cut capacity with its step down gearing system which provides a 66 mm depth of cut with a 165 mm blade diameter
- Delivers the power to rip cut at the same feed rate of an equivalent AC circular saw, with the ability to cut 400 pieces of 90 mm x 35 mm pine stud on one 5.5 Ah HIGH OUTPUT™ battery
- Bevel capacity from 0° up to 45°with an option to go to -5° to cover a wider range of applications
- Metric depth scale positioned to provide ease of use when setting the depth with a maximum cutting depth of 66 mm when cutting off the guiderail at 0° and when cutting on the guiderail at 0° the cutting depth is 61mm
- Kitted with our DEK26 vacuum adaptor which has a pivoting action to direct the hose away from the cutting edge to avoid it getting caught on the material and it will fit directly to all MILWAUKEE® dust extractors
- Integrated dust blower keeps cut line and dust build up in front of the saw clear for best cut line visibility
- Integrated LED light for workspace illumination
- Magnesium shoe reduces weight and maximises durability
- The HIGH OUTPUT™ system of tools elevates the M18 FUEL™ technologies to a new level and delivers extended performance and extended run time. These tools are designed to maximise the partnership with HIGH OUTPUT™ and FORGE™ batteries
