

Product Code	Product Range	Issue No.	Issue Date	Issue By
PEB6	Earth Bars	B	August 2026	T.T.

Description

6-way earth bar for wall or surface mounting. Suitable for switchroom main earth bars.

Features

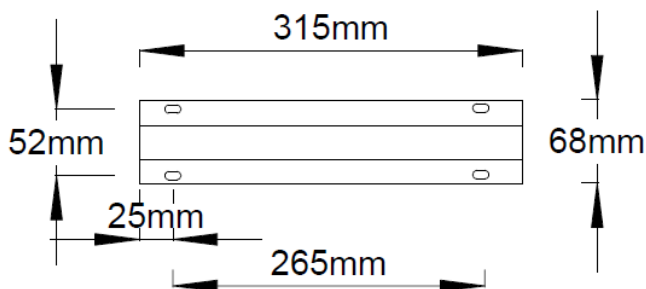

High fault level.
High conductivity copper.

General Characteristics

Standards: Electrical	BS EN 61439-1.
Copper	BS EN 13061.
Current Rating (Ith)	400A
Voltage Rating	400V systems
Fault Current Rating – 1 second	15kA
Peak Current – Ipk	30kA
Copper bar size / CSA	25 x 6mm / 150mm ²
Pollution Degree	III
Main Earth connection bolt.	M12
Torque	54 – 56Nm.
Number of circuit connections.	6 x M8 bolts.
Torque.	20Nm.
Bolt pitch (centre – centre).	35mm.
Number of Test Links	None
Equipment Type	Fixed
Approx. Weight (kg)	1.1

Mounting bracket fixing holes

Fixing holes 5mm diameter
