

Tavismanor

the home of wire and cable stripping

Rotax29 and Rotax40

Heavy-duty cable stripping tool that adjusts to suit all types of insulations, including Rubber, Butyl and PVC.

The patented mechanism provides a "spiral stripping mode" to remove tough to strip insulations.

The PTFE coated blade housing combined with an ultra sharp blade delivers smooth low friction stripping even on the toughest of insulations.

All the plastic components are made from high quality engineering grade polymers and all the metal parts are made from the finest carbon steels to ensure a reliable long life performance.

Wire and cable types

Strips PVC, Rubber and Butyl insulations

Dimensions and Weights

Rotax29 140mm x 38mm x 28mm - 0.096kg

Rotax40 154mm x 54mm x 28mm - 0.106kg

Stripping capacity

Rotax29 for cables 4.5mm to 29mm diameter

Rotax40 for cables 19mm to 40mm diameter
