- Clear, precise testing procedures
- Single press of a button from start to finish of test
- Complete with test leads, probes and earth clip
- Auto saving of results via SD Card & downloadable

- Tests long extension leads up to 0.5Ω

Tests Carried Out

- Earth Continuity Test up to 0.5Ω
- Insulation test at 250V and 500V
- True reading of leakage at 110V
- True reading of leakage at 230V
- Class I earthed appliances
- Class II double insulated appliances
- IT Test, computer equipment etc
- Tests at 110V, 230V & 415V (with optional adaptors)
- Tests all surge protected equipment
- Tests mains sockets & indicates fault situations
- Earth leakage tests 0-0.75mA, 0-3.50mA
- Tests polarity and indicates fault situations
- IEC cord test
- Extension leads up to 0.5Ω (most other testers will only test up to 0.2Ω)
- Results displayed in actual results AND pass/ fail
- All tests carried out automatically from the press of one button

2 Year Warranty

- Comes with the TIS 110 110v Adapter
- Comes with the TIS IEC IEC Testing Adapter
- Comes with 1 pack of 500 Pass Labels (TIS 1612-500)
