

Emergency Lighting Label Pack

EMERGENCY LIGHTING

x12

Product Description

This easy-to-use product pack keeps electricians and emergency lighting maintainers compliant with BS 5266-1 in respect to the correct labelling of Emergency Lighting test switches and circuit protective devices.

The Luminaire Identification label provides an easy means to make reference to specific luminaires that have failed inspection and servicing and subsequently require attention.

 **TRADE-DOCS**
online

Use this product pack in conjunction with our certificates, checklists, technical documentation and management systems that are part of our CEF Technical & Business Documentation Pack, to be fully compliant with BS 5266-1 and the BAFE SP203-4 competency scheme.
