POWERFUL
AIR FLOW

IPX4

The ultra quiet Rapid Response 200 header box exhaust fan is ideal for odour and dampness removal from toilets, powder rooms, laundries and cupboards.

- Advanced impeller and housing design provides powerful air flow with minimal noise.
- Can be retrofitted into an existing standard 8" round fan cut out.
- Low resistance non-return backdraft damper maximises air flow performance.
- Matching grilles are easy to remove, which makes cleaning easy.
- Includes sealed for life ball bearings.
- High strength swing clips and removable spigot makes installation easy.
- Available with a modern square or round grille (See page 34-35). Square grille can be easily rotated to align with walls.
- Available with 3-15 minute adjustable run-on timer (RESPF8-T).
- Comes with spigot to suit both 100mm and 150mm duct.
- Rated "Continuous Run".

DIMENSIONS

All dimensions in mm

Spigots suitable for 100mm/150mm duct included.
